Officiants Creating Ceremonies to Remember...

Having been involved in the Bay Area wedding industry for almost 45 years, with over 40 years as “Premier” wedding officiants, we bring a unique set of qualifications to every ceremony.

YOUR ceremony should be more than just the “admission price to your reception party”! It should be fun, memorable, and meaningful. It should be where your party STARTS! After all, you’ve invited everyone to your WEDDING!! Above everything else, it should be about the two of you!

There’s a reason we are FIVE STAR rated on both Wedding Wire & Yelp and have been voted three times as one of the Top 5 Bay Area Wedding Officiants!

Let us put that experience to work for YOUR ceremony!

OUR MISSION

To enhance the wedding experience for each bride and groom by creating meaningful and memorable ceremonies and by helping to build the foundations for lasting relationships.

Ceremony Design!

Having a friend or family member with little to no experience officiate your wedding? Let us help create your “personalized” Wedding Ceremony!

We recognize that the cost of weddings is at an all-time high and that controlling the budget is probably THE most difficult task ahead of you.

Building on over 45 years of experience in the wedding industry and 40 years officiating wedding as a premier vendor for wedding ceremonies in the San Francisco Bay Area, we have now created a system which allows your “non-professional” officiant to deliver the same unique ceremony that one of our award winning Officiants would use.

Each couple starts by choosing from an infinite choice of options within the ceremony framework, allowing us to create the ceremony foundation. Then by adding annotated notes, personal “relationship” stories, and the flexibility to “adapt” each ceremony to a personal style, your officiant has the tools to deliver a ceremony that is uniquely centered on you and helps create the solid foundation that you’ll build on as you commit to each other on your wedding day.

Serving you on your wedding day, our ceremonies are personal, fun, and are about YOU!

**Only
\$195**

Because your ceremony is THE reason for everything else happening on your wedding day, it is important that your ceremony reflects the same thought and care that you are putting into the rest of your celebration!

To help you achieve that goal, our Service Includes the Following:

- Initial Consultation (approximately 45 - 90 minutes) which allows us to get to know you a bit, allows us to answer all your questions (including many that you didn't realize that you had), and gives the two of you the opportunity to preview your ceremony options.
- Detailed Information on obtaining your Marriage License and Changing Your Name – You have more options than you think!
- A copy of our Ceremony Workbook which allows the two of you to influence and/or control up to 100% of what will be said during your ceremony (after all, the ceremony MUST be about the two of you!)
- Follow-up calls, emails, and meetings as you'd like
- Annotated and detailed notes in the body of the ceremony draft to help your Officiant avoid the common “Rookie Errors”, including instructions on filling out and filing the Marriage license.
- Ceremony Draft
- We also offer Pre-Martial “Coaching”

Frequently Asked Questions

Q: What does your service consist of?

A: We recognize that you are trying to control your costs and make your ceremony “special” for the two of you, but we also believe that although you are trying to control costs you don’t have to sacrifice the quality of the ceremony. Most family or friend officiants ordained online will use the first ceremony they find on the internet. Our system allows you to choose and customize your ceremony so that it’s a reflection of the two of you!

Q: How much does it cost?

A: At a basic price of \$195, our Ceremony Design service allows you to control the budget without sacrificing the quality of YOUR Wedding Ceremony – the very reason for the day!

Q: What are our “Ceremony Options”?

A: You can choose from a large presentation of options and influence everything that will be said during your wedding ceremony. The Ceremony Workbook also contains options like Unity and other Ceremonies as well as potential readings.

Q: Is this a “religious” ceremony?

A: That would be up to the individual couple.

Q: How long is your ceremony?

A: The average length is between 15 to 30 minutes ... but YOU choose the length of the ceremony through the length of the options that you choose.

Q: How will our officiant know what to do to make everything “smooth”?

A: We include annotated notes letting your officiant know when to have everyone stand or sit, when you should face each other, exchange vows, rings, and your first kiss.

Q: Is this a ceremony that one of your Officiants would deliver??

A: Every ceremony originates from the same workbook that we use at Officially Yours!!. Each ceremony is constructed as if one of our award-winning officiants was delivering it for you.
